### CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, **are asked not to bid.** The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the **sole right** to decide upon any claims. **These are the only conditions** under which bids will be received.

Coins and medals are sold at **so much per PIECE**, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c. up to \$2.50, when 10c. advance must be bid, up to \$10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in a lot and you wish to pay \$5.00 for the entire lot, then bid \$1.00.

Auction sales are **strictly for cash.** Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

**Be sure you bid on the lot you wish to buy.**

All coins, etc., are genuine unless otherwise described.

My charge for executing bids will be 5 per cent. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

We will send a printed list of the prices realized for this sale, for \$1.25, cash to be sent in advance.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L. ELDER.

## P R E F A C E .

---

Undoubtedly this catalogue describes the finest collections of Babylonian, Egyptian, Greek and Roman Antiques, and the best collections of Modern Gems, Necklaces and Cameos ever offered in Mr. Elder's sales.

The Antiques present several hundred varied lots, Gold Ornaments, Cylinders, Tablets, Seals, Scarabs, Pottery, Necklaces, Etc.

Worthy of special mention is the large and splendid lot of new modern bead necklaces, made up of Emerald, Topaz, Turquoise, Malachite, Coral, Amethyst, Rose Quartz, Amber, Russian Lapis Lazuli, Crystal, Carnelian, Onyx, Agate, and other Stones. Many fine Modern cut and Polished Gem Stones are Listed, as well as a lot of Antique Jewelry and Curios. The varied collection of Cameos in Shell, and Stone is notable alike for size, workmanship and materials.

The coins include an interesting assortment, Ancient and Modern, with Rare and Fine United States Cents and Half Cents, Foreign Crowns, Rare Canadian Boquet Sou Tokens, a Jewish Shekel of Simon Maccabaens, a fine assemblage of Napoleon, Washington and other medals; in paper money an almost unique variety of the twenty-five cent Fessenden note, bearing the autograph of F. E. Spinner on the reverse.

In view of the many fraudulent auction sales of jewelry and gems held nowadays, it should be here stated that the cataloguer will stand by his catalogue descriptions. When he says a scarab is a genuine antique, it is genuine, and when he says a ring is gold, it is gold. At many sales it is common usage for the auctioneer to get up and state before commencing that the goods "will be sold 'as is' and not as they are catalogued."

But one session will be held, commencing promptly at 1:30 o'clock in the afternoon.

The lots, excepting the coins and medals, will be on exhibition for three days prior to the sale, at the Elder Rooms, 32 East Twenty-Third Street, New York. The coins and medals will be exhibited only on the day of sale (before 1 P. M.), April 12th.

If any special information is desired regarding the lots or sale, write the cataloguer, Mr. Elder.
